

Saturday Mentoring Groups

Please see here for your assigned timeslot for the one-on-one mentoring sessions this Saturday, January 19:

Instructor	Time	Student	Subject
Amy	11:00-11:20 am	Kim	depredation and carnivore viability
Amy	11:20-11:40 am	Herilanto	Cartography of cystocercosis
Amy	11:40 am- 12:00 pm	Kayleigh	Eco-epidemiology of soil-bone parasites
Andres	11:00-11:20 am	Liantsoa	Combatting tortoise poaching
Andres	11:20-11:40 am	Angelo	Bartonella dynamics in bats and bat flies
Andres	11:40 am- 12:00 pm	Miatrana	Seroprevalence of WNV in wild birds in Madagascar
Cara	11:00-11:20 am	Feno	Ecological determinants of plague in Madagascar
Cara	11:20-11:40 am	Nina	Spillover of honey bee disease to wild bees
Cara	11:40 am- 12:00 pm	Mirana	Malaria incidence in Amboasary Sud
Fidy	11:00-11:20 am	Nancia	Forest fragmentation and plant-frugivore interactions
Fidy	11:20-11:40 am	Miadana	Decision support tool for malaria incidence
Fidy	11:40 am- 12:00 pm	Santino	Deforestation and exotic ants
Sarah	11:00-11:20 am	Helene	Risk factors for WNV in humans, horses, and birds
Sarah	11:20-11:40 am	Diary	Depression in medical students
Sarah	11:40 am- 12:00 pm	Anecia	Malaria and deforestation
Ben	11:00-11:20 am	Rindra	Plant galls and plant-frugivore-lemur-insect
Ben	11:20-11:40 am	Marion	Epidemic dengue model in Réunion
Ben	11:40 am- 12:00 pm	Vero	seed dispersal by omnivores and rainforest structure
Christian	11:00-11:20 am	Antonio	Mosquito population dynamics
Christian	11:20-11:40 am	Tanjona	Barriers to healthcare access in Ifanadiana
Christian	11:40 am- 12:00 pm	Robuste	Seasonal dynamics in diet
